Parent/Carer meetings on CAMHS experiences

Meet the Commissioners

Event Date: _____ No.of attendees:

The output may inform the structure for a full consultation on diagnostic pathways for autism and/or adhd in the future.

1. Is a diagnosis important?

2. What worked well about the process? What didn't work well?

3. What are the benefits of diagnosis (if any)?

4. After diagnosis, what changed for your child? And what changed for you?

5. What services did you feel able to access whilst waiting for a diagnosis?

6. Who helped you? …and what else could have helped and when?
